

COURSE LAYOUT

At the golf course before each putting competition, the golf course greens keeper et 18 holes location on the large practice putting green.

Before and during Check-In our Greens Set-Up Committee lays out the direction an length of each of the 18 holes, and they mark each with a numbered white arrow at the starting point and a like - numbered flagstick in the hole. The hole lengths are adjusted as the Committee refines the layout to minimize congestion and to present a challenge to the putters. At some events, the office in charge picks a secret "Magic Hole". Any player getting a hole-in-one at the "Magic Hole" is awarded a \$10 prize at the next General Meeting / Luncheon.
